

19<sup>th</sup> November update

**Current ideas and activities include:**

1. Working with print and design to produce a double sided flyer in shape of calculator to launch our Warwick Budget Calculator.
  - Helping you budget as a Warwick student
  - How much does it cost to live day by day, week by week as a university student?
  - Work out how much money you will have as a student at university.
  - The Warwick Budget Calculator will show you your “Cashflow Forecast” helping you to budget better and know you income and expenditure month by month.
  - Helping you to budget better.
  - [www.warwick.ac.uk/go/studentfunding](http://www.warwick.ac.uk/go/studentfunding)
  - (email icon) [studentfunding@warwick.ac.uk](mailto:studentfunding@warwick.ac.uk)
  - (facebook icon) warwickfinancefunding
  - (twitter icon) warwickfunding

The flyer will be distributed around campus to encourage students to use the calculator.  
PDF to follow once designed.

2. Set up meetings with SU and catering to design some student based activities, budget meals with a romantic twist, flipping financially viable pancakes etc etc - references to Valentines and Pan-cake day on a budget. Recipes to follow and share.
3. Developing and delivering a financially focused activity with prospective students at local comprehensive school. Called Independent Living the activity will help students with their budgeting skills and better understand the challenges students have when living away from home for the first time. The activity will also cover the current fees/funding scheme. Resources to follow. Currently have one school in Leamington who would like the activity delivered on 13<sup>th</sup> February.
4. Recruit Post-Grad Research students to help run activities across campus – hints and tips on good budgeting as a student.
