

Student Money Advice Awards

TEAM OF THE YEAR

Introduced in 2023, the Team of the Year award recognises the amazing work that happens within Funding/Money Advice Teams and where the success of an individual team cannot be credited to any one team member.

Nominated teams should excel in their service delivery to students and make a contribution that is in line with the [NASMA Values](#), and above and beyond the standard call of duty.

Nominations may focus on a specific project undertaken by the team, or their ongoing contribution to the student experience in their institution/SU, but all nominations must demonstrate an approach to team working that collectively contributes to the success of the team.

This award is for operational teams, rather than for projects that may involve partnerships or collaborative working between multiple operational teams. If you are looking to make a nomination for this kind of partnership or collaborative working, please see the Innovative Project award.

In the case of team nominations, at least one member of that operational team must be registered as a NASMA member in the current membership year. If you are not sure whether an individual or team are NASMA members, contact the NASMA Office via office@nasma.org.uk
